Sub: - Formal Termination of Project Group.

After lots of ups and downs whatever we had started has now come to an end. The days we spent on this project was one of the best days of my life, the team which I had was one of the finest in the world and I am honoured by getting chance of leading this team till the end. Now after successful completion and submission of this project I am glad to state that, “*Whatever We Had Been Created Turned Out As One Of The Finest Of Its Kind*”. Without your support, co-operation, grammar, spell checking, hard work and efforts this project will never get completed in time. The memories and experience which we had generated during this entire process *will be always remembered* by us. As we know that every good story has sad end so I also feel sad for terminating all kinds of privileges we have for each other as group members & All members where released from their project work with immediate effect.

So, once again thanking you for providing this opportunity for leading this group till end. And lastly all the best for the glories future ahead of you.

By Order
Officer Commanding 1st IT
